From South Korea with Love

We live in Ulsan, SK. I go to the Hwaam Elementary School. I have three family members, my mom, dad and me. There are four seasons in Korea. In Ulsan, the temperatures are similar with this place in America. There are a lot more trees in America than Korea. I have also been to Japan. This is my first time traveling to America. When I finish camp, I'll go to live at the teacher's house for 2 more weeks. Our Korean people and American people are a little different. In America, there are some black people here, I made some friends, Kim, Katy and somebody else.

I rode the airplane for 15 hours to come to America. I live with my father, mother, younger brother in my family. I have also visited Japan and Vietnam.

In Korea, there are a lot of American people. I hope to see the Statue of Liberty in America. Korea's traditional food is Kim-chi and traditional clothes are hanbok.

I go to Dong-Boek Elementary School. I have also been to China, and saw the Great Wall, it is very long. There are many temples in Seoul, many people in Korea are Buddhists. In the city there are many high buildings, they are 63 layers. Our famous food in Korea is Kim-chi. I am proud of my country. Korean language was made by Seo Jong King at the Joseon Dynasty, the same language we still use today. By: Choi Joon yu 7/19/2011

FEATURE STORIES

Camp Cooks

Our camp cooks are Macaroni and Cavey. They have been serving Camp Cedarbrook for about 4 years. They felt that God was calling them to be used as cooks. Quail moved her camp to this location, she needed extra cooks and asked them and they were willing to serve the camp. They love their jobs, even though the kitchen gets very hot- they love to serve Jesus at camp. They say the favorite breakfast cereal is Cocoa Puffs. Let's all remember to thank them and the rest of the kitchen helpers. They have been very good to us.

Interview with Quail

WHY BIRD NAMES?

Did you ever get tired of getting called Mr. or Mrs. Well, Quail and some other counselors don't like being called Mr. or Mrs. And some do. Quail made it easier and made up bird names. Another reason Quail picked bird names is from the book of 1 Kings chapter 17. The story is about Elijah and the ravens. The ravens brought Elijah food when he was hiding and he drank from the brook.

WaWa says: you may dip then slip, but you may not slip then dip.
 The Wednesday evening slip & slide was a great hit with campers, counselors, staff, and an appearance by the Jamaican Bobsled Team. It was "Cool Runnings" for all.
